

Completing Your Continuing Education Credits

Applicable only for ExCPT certifications.

ExCPT Certified Pharmacy Technicians must complete 20 external hours of continuing education, including at least 1 hour of pharmacy law. When applying these 20 external hours, NHA will convert them to 10 NHA Continuing Education Credits which will fulfill your continuing education obligation. You must complete at least one hour of patient safety, in addition to the currently required one hour of pharmacy law, as part of your 20 total continuing education hours.

Source*: External

Provide any supporting documentation for this CE item.

Documentation*:

NHA reviews external programs based on the following criteria: current events, industry trends, and relevance to the allied healthcare field. If supplied documentation shows that the external program meets any or all of the criteria, the program will equal half the number of hours in attendance (for example: 20 hours is equal to 10 credits).

* Required fields

Enter the name of the topic you've completed as well as the number of credits it is worth. Then, click **Choose File** to upload your certificate of completion.

After uploading your certificate of completion and entering the required information, click **Add Item** to continue.
